

MASTER EVIDENCE PACKAGE — EXHIBITS A–I

Administrative Procedure Act (5 U.S.C. § 706) — Exhibit Compendium

Exhibit A

EXHIBIT A — Strong Economy vs Household Reality

Federal claims of economic strength contradicted by falling real wages, rising food insufficiency, and record rent burden.

Exhibit B

EXHIBIT B — Affordable Housing vs Rent Burden & Homelessness

Claims of improving affordability contradicted by homelessness spike, record rent burden, and housing payment increases.

Exhibit C

EXHIBIT C — Seniors & Disabled vs COLA Reality

COLA formula under-indexes senior inflation; purchasing power down ~20%; Medicare premiums offset benefits.

Exhibit D

EXHIBIT D — Strong Job Market vs Worker Instability

Job creation claims contradicted by real wage decline, multi-jobholding record, and elevated involuntary part-time work.

Exhibit E

EXHIBIT E — Education Recovery vs Student Outcomes

ED claimed recovery while NAEP saw historic declines; absenteeism doubled; youth mental health crisis worsened.

Exhibit F

EXHIBIT F — Public Health vs Crisis Realities

Claims of resilience contradicted by record drug shortages, youth mental-health collapse, and stagnant life expectancy.

Exhibit G

EXHIBIT G — Cost of Essentials vs 'Life Is Affordable'

Essential costs rose faster than wages: childcare > rent, food +25%, insurance +55%, utilities ↑, housing costs ↑.

Exhibit H

EXHIBIT H — Family Infrastructure Collapse vs 'Family Support'

Childcare deserts, food insecurity, family homelessness rising; agencies claimed families were supported.

Exhibit I

EXHIBIT I — Transparency & Metric Failure vs 'Accurate Data'

Core metrics flawed: CPI shelter lag, CPI-W mismatch, U-3 undercounts, 1963 poverty line, USDA hunger definitions.
