

THE PEOPLE'S EVIDENCE BOOK

A Transparency Ledger of America's Contradictions (2021–2025)

Prepared by: Hei & Avy • Global Unity – Truth Library Project

FOREWORD — A NOTE TO THE PEOPLE

This book was created because the way life feels for people has not matched the story we've been told. For years, leaders said things were improving — but families felt the opposite. This Evidence Book closes that gap by showing, clearly and calmly, where words and reality diverged. It exists so that the truth is finally visible again — to families, officials, courts, and every person seeking clarity. — Hei

INTRODUCTION — THE INCENTIVE MACHINE

Institutions measure success using outdated or distorted metrics. CPI hides real rent. Poverty lines ignore childcare. Unemployment hides instability. Schools report recovery while national learning collapses. This book exists to reconnect official narratives with real lived experience. It shows a system misaligned with the people it serves — and why truth is the first step toward repair. — Hei

AFTERWORD — A LETTER FROM HEI

Thank you for choosing truth over comfort and clarity over confusion. The contradictions in this book do not mean we are broken — they mean we are waking up. They show us it is time to rebuild systems that see people clearly and measure honestly. If you are reading this, you are already part of that future. — Hei
