

## **C2 – VIDEO EVIDENCE SHEET**

### **Affordable Housing vs Rent Burden & Homelessness**

This sheet provides direct official video sources where federal leaders claim they are lowering housing costs, expanding affordable housing, or ending homelessness. Viewers can compare these statements with federal data on rent burden, homelessness, and housing affordability.

#### **I. PRESIDENT JOE BIDEN – STATE OF THE UNION 2024**

Link: <https://www.youtube.com/watch?v=TMdQP-OJu7k>

Summary: In the 2024 State of the Union, the President promises to “cut the cost of housing,” crack down on large landlords, and “bring those rents down,” presenting housing relief as an active achievement.

#### **II. HUD SECRETARY MARCIA FUDGE – “ENDING HOMELESSNESS”**

Link: <https://ncrc.org/video-hud-secretary-marcia-l-fudge-addresses-the-national-community-reinvestment-coalitions-2023-just-economy-conference/>

Summary: HUD’s Secretary speaks about “ending homelessness” and expanding access to affordable housing, while HUD’s own AHAR reports show homelessness at record highs.

#### **III. WHITE HOUSE PRESS BRIEFING – “RENTS ARE COOLING”**

Link: [https://www.youtube.com/watch?v=1xW7v9v7v\\_g](https://www.youtube.com/watch?v=1xW7v9v7v_g)

Summary: The White House Press Secretary describes “cooling rents” and progress on inflation at a time when rent burdens and shelter inflation remained elevated.

#### **IV. TREASURY SECRETARY JANET YELLEN – “AFFORDABILITY AGENDA”**

Link: <https://www.pbs.org/newshour/economy/supply-crunch-has-led-to-an-affordability-crunch-yellen-announces-efforts-to-help-with-increased-housing-costs>

Summary: The Treasury Secretary acknowledges a housing affordability crunch but highlights a broad “affordability agenda” as the solution, even as housing costs continue to climb.

#### **V. FEDERAL RESERVE CHAIR JEROME POWELL – HOUSING SERVICES INFLATION**

Link: <https://www.youtube.com/watch?v=nsNgk46qHgw>

Summary: The Fed Chair discusses housing services inflation “coming down” and points to current market rents as evidence of future relief, while shelter CPI remains a major driver of inflation.

These clips can be embedded or linked on the Transparency & Evidence site so the public can compare official language with the government’s own housing and homelessness data.
